

Addressing Substance Use Disorders

Translating Science To Policy In The 2010 Drug Control Strategy

Five Priorities

1. Build National System of "Prevention Prepared Communities"
2. Train primary care to intervene early with emerging abuse
3. Improve and integrate addiction treatment into mainstream healthcare
4. Smart, safe management of drug-related offenders
5. Performance-oriented monitoring systems

How Did We Select Priorities?

- Evidence Based Interventions
- Delivered Within Communities
- Investment in Infrastructure

Prevention

Prevention Science

1. *Addiction has an “at-risk” period*
2. *Risks have common antecedents – Single Interventions can produce multiple effects*
3. *Combined interventions provide enhanced impact*
 - *Now 12 Evidence Based Interventions*
